WORDS OF PRAISE.

A Remarkable Indorsement Given Gen. Kelly

the Rock Island.

Says He is Honest and Thoroughly in Earnest.

BUT STILL NO CARS.

If Transportation is Not Furnished By Morning,

Kelly's Command Will Move Eastward on Foot.

DES MOINES, Iowa, April 21.—General Manager St. John of the Chicago, Rock Island and Pacific railway who passed through this city last night from Council Bluffs talked differently from some other railway men about the "commonweal" army, its purposes and the menace it is to the country. In fact he does not think the people have anything to fear from the army in passing through the country.

"It is made up of sober, intelligent, determined men," he said. "They are nine-tenths of them American born. They are respectable, honest remarkably well organized. There are no bums among them. The statements that have been sent out about their being tramps and all that sort of thing are utterly untrue. Their leader is a man of brains and character and great determination, and he is a religions man, too. He is a perfect gentleman and thoroughly honest.

"He will never permit any outrages to be done by any of his men if there should be any inclination in that direction, which there certainly is not now. He will not permit any tramp or disreputable person to enlist in his army, and he will remove the first one he can find. He has absolute control over his men, which he could never have body of tramps, or disreputables. over

"He said to me that his men would never go back under any circumstances. They are going to Washington in some way, of that I am sure. 'We may be wrong,' Kelly said to me, 'but we are determined to go to Washington and present a living petition to congress; one that cannot be thrown into a waste-paper basket. We think we are right and nothing can stop us."

see, but they are bound to make a pro-found impression. There will be 100,000 people in Washington by the tenth day of May on this mission. And what can we do about it. Nothing, but treat them kindly and let them go. The more op-position they meet the stronger they become. The laboring classes all over the country are in sympathy with them. If they have a few more days of such treatment as they have had the past few days, I tremble to think what may hap-You can not tell what a man will do when he is hungry and hunted

"Did you see the men?" was asked. "Yes, I stopped at Weston at the request of Gen. Kelly and saw the men They are of the better class and I wouldn't be one bit afraid to take them to Chicago or any other city, for they will do no one any harm. They are mostly educated men, mechanics and a number of railroad men. They have left families in California and they are hoping of them to get where they came from find something to do to get their families They will never return to the back. west, for there is nothing for them to return to. They have been starving there. They are desperate men, desperately in

"This thing is gathering like a whirlwind. It is very similar to the French revolution. It is a terrible thing, and it made me sad to find that there were 1,600 respectable, well meaning men reduced to such desperate straits in this country. We expect these things in the old countries, but it is no part of the programme of a republic. It makes us feel that there is something wrong with the government."

THE SITUATION AT OMAHA. Mayor Bemis Issues a Proclamation to

the People of Omaha. OMAHA, April 21 .- At noon Mayor Be-

mis issued the following proclamation: To the Citizens of Omaha;

Notice has been served on me as chief executive of the city of Omaha, by the officials of the Chicago, Rock Island & Pacific railroad and the Burlington & Missouri River railroad, that their companies will hold the city liable for all damage done to their property by mobs and lawless citizens. Now, therefore, I, George P. Bemis, mayor of the city of Omahs, hereby caution all persons within the boundaries of the city to desist from interfering with the roadways, rolling stock or other property of said corporations, and in all respects to observe the laws and main-

tain good order. I furthermore urge and recommend that all parties in sympathy with the in-dustrial army now detained near Council Bluffs, contribute to their relief and in securing horses, wagons and subsistence to enable them to continue their march across lowa independent of railroad and corporate charity. All con-tributions made through the mayor's office will be forwarded to Gen. Kelly as rapidly as they can be conveyed.

GEORGE P. BEMIS, Kelly Makes Mere Friends. General Kelly is commended on every side for his honesty and upright-ness in refusing the train proffered him by the vast mob that captured it last night. The train stolen at Council Bluffs by the engineers and Bremen of the Union Pacific was a Union Pacific engine with Union Pacific cars, on the Rock | miners stopped work today.

and speeches were made by many labor leaders. All seemed to be at sea as to the By General Manager St. John of denounced the railroads in most vigorous language.

As to Using Wagons.

A special to the Bee from Kelly's camp at 10:30 a. m. says: Threatening weather has caused General Kelly to delay his march back to Council Bluffs. He is waiting to hear the result of efforts of General Manager St. John and W. H. M. Pusey to secure a train for the army over the Rock Island. He is also favorably impressed with the suggestion of Mr. Edward Rosewater that he secure teams and make the trip overland to Washington, and he is already receiving Stant the Management encouraging responses from the farming classes to his appeal for assistance for

this purpose. Kelly expresses the hope that his friends in Omaha and Council Bluffs will strictly observe the law even though they are laboring under great excitement. The army has only enough provisions to last for another meal and then if relief does not come they will be com-

pelled to go back to the Bluffs. Reports from all towns near here are to the effect that the people have con-tributed plenty of supplies but have no means of getting the stuff to the army. Kelly thinks he will not accept the proposition for transportation to Kansas City by water except as a last resort, as it will not land him any nearer to his desired destination.

Will Go East on Foot. Kelly's army had a court-martial trial this morning. The court was composed of all the captains of the army and Col. Baker A. Madison, a private in company H, was tried for violating rules of the industrial army by furnishing and using liquor in the camp, and he is alleged to have been the men in the territories. COXEY'S COMMONWEAL.

It Is Still at Hagerstown and is On Exhibition.

MAGERSTOWN, Md., April 21 .- The advance column of the Commonweal army remains in camp here. Browe is bent upon making his usual speech in the public square and that he may have an opportunity of doing so the march may not be resumed for several days.

Souvenirs of the army, such as badges and ribbons are being sold at good prices, and the camp is being enclosed so that the public will be obliged to pay for a peep at the aggregation, should the public desire it. The proceeds go toward sustaining the army.

PITTSBURG, Pa., April 21 .- The great coal strike, so far as this district is concerned at least, appears to be a success. At noon today the six thousand men in the river district and the 6,500 in the railroad district laid down their picks, and receiving their wages, quietly left the

ST. LOUIS NOT AFFECTED.

Operators There Have Contracts With Their Men For Several Months 1et.

St. Louis, April 21.—According to men interested in coal mines in what is known as the St. Louis district, this city will be but little affected by the national strike which has been ordered by President Mc-Bride of the National Mine Works association.

General Manager Simpson of the Consolidated Coal company, which brings the largest supply of coal into St. Louis of any concern, stated this morning that he anticipated no trouble. "The difficulty is all outside of the St.

Louis districts," he said. "We have contracts with our miners which have to run some months and both sides are satisfied. The matter is hardly of interest to St. Louis at all."

General Manager Williams of the Carterville Coal company said his men were perfectly satisfied.

WANT STRIKERS TO WIN. With the Men.

COLUMBUS, O., April 21.—Reports today at national headquarters of the miners union, are to the effect that in the block coal fields of Indiana, where the men have a contract that they will work two days a week until May 1st, when they will join in the suspension.

Maryland, where nothing was expected,

has joined in the suspension. On the New and Kanawha rivers there is every indication of a general suspension. It is an open secret in Columbus that the operators of this region are in sympathy with the suspension and hope the miners will win. The operators here desire to pay the scale proposed by the miners, but are prevented by certain operators in the Pittsburg district who have been paying lower wages. Seven hundred men are out at New Straitsville. These miners are among

the most conservative and intelligent in the country. A special from Trimble to the Dispatch says all of the miners in the Sun-

day Creek valley are out. There are about 1,500 of them.

SUFFERING MAY RESULT.

Miners in Jackson County Have No Surplus on Which to Draw.

Jackson, O., April 21 .- All the mines of Jackson county shut down at 11 a.m. today, and 4,000 men have joined the great strike. The miners have worked so little in the last year that many of them have no surplus and must suffer if the strike continues any length of time. A small number want to break away United Mine Workers' union the county. The majority will not hear to this, however, and will stick with the

mine workers. The operators are not fearful about the result. They have a large amount of coal on hand and think that the strike will be broken before

MINERS QUIT IN ILLINOIS. Some Are Indisposed to Strike and Others
Are Too Poor.

St. Louis, April 21.—Advices from the coal mining districts of southern Illinois are of a decidedly quiet nature. The men in the mines at Collinsville, Nilwood, Carlinville and Minonk are still at work. At Minonk lack of work by reason of recent fires in the mines has made the miners too poor to strike.
At St. Johns the miners struck at noon,

but only about 200 men are concerned. From Belleville, the center of the largest local district of mines, it is learned that the miners in that vicinity will remain at work. They have no wish to strike, and besides are too poorly organ-

To a STATE JOURNAL reporter this afternoon General Artz said: "I consider this Coxey movement to be a crisis in our country. Bluffs on their poincer movement to the legend in gold letters: prove to the American plutocracy and official tools that working men, though they seem sometimes to sleep are not their home industries and to prevent dead, but when disturbed too much are likely to prove to be very much alive. It legins to look as if the people may run the railroads before the government gets an opportunity to own them. At all events the people of Omaha and Council Bluffs seem to be running the railroad officials at a lively rate. The spectacle of 6,000 working men rising suddenly like the clansmen of Rhoderick Dhu has startled the arrogant oppressors of the people as nothing else could have startled them, and it is good for the health of these protected American snobs that they should be considerably startled. We cordially endorse the Omaha army. Omaha seems to be a good place for great movements of the people to get well born.

Resolved, That as citizens of Kansas interested in the welfare of the common people, we are proud of the conduct of Hon. T. J. Hudson in defending the rights of poor men possessing only their birthright as American citizens to enter the capitol of their country as lawyers, manufacturers and wealthy robbers and of the action of Mrs. Annie L. Diggs in providing for the entertainment of the liberated American sovereigns, when released from his high mightiness, the police judge of Washington.

A resolution was also passed expressing sympathy for Congressman Jerry Simpson in his present sickness.

MORE WHEAT THAN USUAL. Reports From Six Principal Wheat Stations Are Good.

Tolebo, Ohio, April 21 .- C. A. King & Co. say: During the past four days we have received replies from 3,428 reliable grain dealers and millers covering every important wheat country in the princiipal winter wheat states, which raise wo-thirds of the winter wheat crop of the United States. The present prospect is that the next wheat crop in the six states will be somewhat larger than

an average one. Four hundred and sixty-six dealers report the outlook excellent, 1,378 say good, 796 an average, 428 a trifle below an average; 144 say poor, while only 36 say half a crop. Indiana has the best and a very good prospect, especial-ly in some of the larger wheat counties. Ohio promises nearly as well, while Missouri and Illinois follow each saying above the average. Michigan and Kansas have fully an average prospect.

The Protestors Against the Wilson Bill

Can't Find the Senator. WASHINGTON, April 21,-More than 1,000 working-men from Philadelphia and New Jersey marched down Pennsylvania avenue today to emphasize their protest against the Wilson tariff bill, Men and women were in line, marching four abreast under the American dag and fluttering banners and displaying

mottoes opposed to the Wilson bill.

The special Baltimore & Ohio train from Philadelphia carried 670. This delegation was met by a company of 860; The sentiment of the meeting was expressed in the following resolutions which were adopted:

Resolved, That we congratulate the John Wannamaker for the demonstraworking men of Omaha and Council tion. Behind was a black banner with

> "Non-partisan delegation of working men from Bristol, united in defense their transfer to nations hostile to a Democratic or Republican government."
> The procession marched to Metzeroti's

hall by the way of Pennsylvania avenue. Many senators and congressmen walking up the avenue at that hour to the capito eyed the parade curiously, and one of them was Senator Quay. No demonstration of any sort was made. Gathering in Metzerott's hall, the com-

mittee as delegated to wait upon senators made their reports. Ephraim Ligg reported that Senator Voorhees, chairman the finance committee in charge of the bill had been written to and had been called for at his home and at the senate, but could not be found. Jeers greeted this announcement. Delegates who had called upon Senators Brice, Smith and Murphy re-
